Dear Sir,

I have been informed it
is the intention of your Society to dis-
continue issuing "The American Journal
of Numismatics" and to issue instead
a number of books or booklets on various
subjects connected with coins or medals
each volume being complete in itself.
If such is the case you might oblige
me by sending a prospectus or notice
of each publication as I am interested
in numismatics.

Thanking you in anticipation of
your kindness

I am,

Yours faithfully
D. Murray. F.S.A.(Lond.)

Dear Sir:

Your letter of March 21st has been received. The first three booklets of our Numismatic Notes and Monographs are entitled 'Coin Hoards', 'Octobols of Histiaeia' and 'Alexander Hoards - Kyparissia'. The price of these publications varies from 50¢ to \$1.50.

Would you permit the suggestion that it might be much simpler for you to enroll as an Associate Member of the Society? You would thereby receive all of our publications; and as at the present, we are trying to issue one each month, it would prove much more satisfactory than having to order individual copies from time to time.

Should you desire to accept this invitation, the first three copies would be sent you as part of this year's publications.

I am enclosing an application card, and I should be very glad to present it to our Council if you care to avail yourself of this suggestion.

Very truly yours,

Secretary
